High Record Earnings of U. S. Steel

Total Earnings for the Third Quarter of the Calendar Year
Year Were \$85,815,067—Exceeds Preceding Quarter
by \$4,691,019—Extra Dividend of 1 Per Cent. on the
Common Stock Declared—It is Predicted That Earnings
for the Final Quarter Will Aggregate \$100,000,000.

New York, Oct. 31.—Total earnings of the United States Steel Corporation for the third quarter of the calendar year, issued today, established a new high record at \$85,815,067, exceeding the previous best statement, that of the preceding quarter, by \$4,691,019.

Net income of \$75,202,408 surpassed the previous record by \$3,522,186 and amounting to \$51,859,459, represents an increase of \$3,894,915.

The extra dividend of one per cent. on the common stock, was again declared, with the usual regular dividend of 1 1/2 and 1 1/4 per cent on the preferred and common respectively.

While considerably below the more extravagant estimate made recently, the quarter's earnings show a steady monthly gain. Total earnings, including payment of the usual interest charges,

were \$25,550,066, those of August \$23,746,903 and for September the aggregate was \$20,420,158.

For the first nine months earnings available for the common dividend equaled almost 82 per cent, as compared with 71 1/2 per cent in the corresponding period of 1915. At the end of the third quarter of 1914, after payment of only one-half of one per cent. on the common stock, the corporation reported a surplus of less than \$90,000, this being followed at the end of the year by a suspension of the common dividend.

In trade circles it is predicted that earnings for the current or final quarter will again exceed those of 1915, possibly aggregating \$100,000,000. In common with other similar industrial companies, the steel corporation is now receiving unprecedented prices for its fabricated products.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease, or some other ailment, when their real trouble was lack of iron in the blood—How to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, specialist who has studied widely both in this country and Europe, said: "If you were to make an actual blood test on any one who is ill you would probably be greatly astonished at the exceedingly large number who lack iron in their blood. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some sleep at night, others are sleepy and tired all day; some are fussy and irritable; their blood is poor and all lack physical power and endurance. In such cases it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your flagging vital powers for the moment, maybe at the expense of your life later on. No matter what anyone tells you, if you are not strong and well you need iron. It is yourself to make the following test. See how long you can work or

how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run down people who were taking all the time double and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, nervousness, etc. in from ten to fourteen days' time simply by taking iron in the proper form. This is the only way that the old forms of inorganic iron like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE.—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will refund \$100.00 to any charitable institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 200 per cent. or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money if you take Nuxated Iron from now on at least double your strength in ten days' time. It is dispensed in this city by Chas. Dagood Co., Lee & Osgood, and all other druggists.

Halloween Party Given by Miss Caron
Friends and Flagging at Wauregan—Station Improvements—Republican Demonstration—How a Horse Baffled a Thief—Liquidation of Wauregan Company.

A. P. Woodward and Ralph Rogers are to sail from New York for Bermuda a week from today, leaving their election night.

Mr. A. H. Armstrong will have the members of the Civic Federation at her home for a meeting Friday afternoon.

Military Whist Played.
At the home of Mr. and Mrs. B. C. Hopkins Tuesday evening the members of the Nadel Arbet club entertained their husbands at supper. During the evening military whist was played.

Halloween Party.
Miss Lucille Caron entertained twenty friends at a Halloween party at her home on Mechanic street Tuesday evening. The home was prettily decorated with Halloween favors. Refreshments were served.

Miss Susie Collins is the guest for a few days of friends in Springfield. Ray B. Worthington of Bridgeport was a visitor with friends in Danielson Tuesday.

Republican Rallyes.
Judge Harry E. Back and Attorney E. L. Darby addressed village rallies arranged by the republican committee at Attawaugan and Ballouville Tuesday evening.

L. E. Kennedy has been confined to his home by illness a few days, but is reported as improved. The executive committee of the Bohemian club's corporation is arranging for election returns next Tuesday evening, following the custom of the club.

Parade and Flag-Raising Rally.
W. Irving Bullard of Danielson and W. E. Ker of West Side (Hartford) were speakers Tuesday evening at a rally in Wauregan hall. Preceding the speaking there was a parade of the Wauregan republican club and a flag raising, the first event of the kind in this vicinity during the present campaign.

Ring Presented Popular Superintendent.
Employees of the Connecticut Mills company presented Superintendent Amos Morn a magnificent diamond ring. Presentation speeches were made in both French and English. The gift was significant of the cordial relations between Mr. Morn and the hundreds of employees of the plant. Mr. Morn is easily one of the most popular mill superintendents in England and has won the unvarying loyalty of the whole mill force.

STATION RENOVATED.
Paint and Varnish Work Wenders—Paved Approach Now Needed.
The New Haven road management is due to a complement for the thorough manner in which the Danielson-passenger station has been painted, interiorly and exteriorly, and otherwise thoroughly renovated. Floors have been scrubbed, windows polished until they gleam, benches varnished and the whole building made spick and span. Now if some arrangement could be made between the railroad company and the station, as Main street has been paved, a mudhole would be removed and a long delayed and much needed improvement made. The result achieved worth more than the investment in the satisfaction of having increased passengers at once impressed that they are arriving in a clean, up-to-date town.

The comfort of the townspeople in going to and coming from trains might incidentally be mentioned as another compensation.

All Ready For Hughes Supper the 9th!
It's all over but the shouting. Conflicting forecasts as to the outcome of the election may now be chucked—without any due ceremony or fanfare—into the waste baskets or any other handy receptacle about the premises. The election result has at last been removed from the air of uncertainty. It doesn't matter what anyone may claim to the contrary, it's all over but the shouting. Those of the election have received invitations—no please—particular attention to the date—to a Hughes supper to be served at a

church near the Linsford—Connecticut-Rhode Island border—on the evening of November 9.

TORCHLIGHT PARADE.
Republican Demonstration Tuesday Evening—Joseph Lucier Makes Address in French.
For the first time in years Danielson witnessed a torchlight parade on Tuesday evening, when the republicans turned out for a demonstration preceding the rally held in the town hall and at which Editor Joseph Lucier of Holyoke was the principal speaker. His address being in French. Red fire was burned in connection with the parade of the republican organization and the feature of the parade was the old campaign days. Other big rally is planned for tomorrow evening, when United States Senator Frank B. Brandegee and Congressman Richard P. Freeman will be heard here. These speakers will also be heard at Dayville tomorrow evening, when that village is to have a big rally.

HORSE THIEF PREVENTED.
And By Horse Himself, Which Breaks Away From Thief—Trots Home With Owner.

The theft of a horse from L. S. Barstow of East Killingly is reported as having been prevented by a peculiar chain of circumstances. At about 1 a. m. Mr. Barstow was driving along the highway leading from Elmville to East Killingly when his attention was attracted by the sound of a horse's hoofs pounding along the road from the direction in which he was traveling. In short order the horse came into view and Mr. Barstow was quick to recognize it as one of his own horses. The animal was harnessed, but it was not drawing any vehicle. When the horse came abreast of the rig he was driving it stopped and gave a home trotting along beside the rig until the barn was reached.

Mr. Barstow, who had been out especially late and contrary to his usual custom, found the horse when he was alone. His theory is that the horse, which is a difficult animal to harness and which will break away if it gets a chance, had been taken from its stall by the thief, who was unable to control the horse thereafter.

Want Police Captain Ryan Back.
A petition was being circulated on Tuesday, and many signatures were being obtained, it was said, addressed to the common council. The petitioners will seek to have former Captain Joseph A. Ryan reconsider his resignation as captain of police and to have the common council take favorable action relative thereto. The council has not been in session since the resignation was received, as no action upon it has been taken.

GOVERNMENT GIVES LAND.
Fifty Square Feet of Post Office Site Granted For Highway Improvement.

Mayor J. J. McGarry received from the treasury department at Washington, D. C. Tuesday morning, a communication in which, as head of the city government, he is informed that the department grants the request of the city to take over 50 square feet of the government's post office site lot at the corner of South Main and Grove streets.

Some time ago, by direction of the city officials, a request was made to the government for a few square feet of land of the post office lot, that the present almost right angle corner be eliminated and a graceful sweeping curve corner laid out and sidewalks built. The favorable action taken on the request by the federal department is appreciated by the city officials.

Milk to Cost Eight Cents.
Milk prices here are to get a boost of a cent a quart, it was announced Tuesday morning by the milk peddlers. The new price will be eight cents. Orders for tickets at the old prices were being declined on Tuesday by some dealers. The resulting high price of grain is given by the producers as one chief reason why the price has been advanced.

It is not yet known whether all the dealers who sell milk in town are to boost the price, but it is anticipated that a majority of them will do so, reverting to the seven cent rate in the spring if conditions warrant.
